

3. Access to the clubhouse:

There is a key safe on the premises. It contains three keys, which may be taken after contacting us. These keys give you access to the clubhouse.

- Access is only possible through the door marked in the aerial photo.
- The showers and toilets are located in the basement.
- On the ground floor, next to the entrance on the right, there is a vending machine with alcoholic beverages and in the dining room there is a vending machine with non-alcoholic drinks at very reasonable prices (in operation from mid-April).
- The machines can give change. Please place empty bottles in the empty crates located to the left after entering.
- The kitchen, terrace, and guest room may be used, provided they are left clean.
- A defibrillator is available in the guest room from May onwards each year.
- Please always lock the clubhouse and leave it clean and tidy.
